PROFESSIONAL SUMMARY

Computer Science and Engineering student at Varendra University with research experience in Artificial Intelligence, Machine Learning, Deep Learning, and Computer Vision. Author and co-author of multiple conference papers focusing on plant disease detection, skin lesion classification, autism spectrum disorder detection, and IoT-based healthcare systems. Skilled in Python, C/C++, TensorFlow, Keras, SQL, and neural network development. Passionate about applying AI technologies to solve real-world challenges in healthcare and agriculture.

EDUCATION

Bachelor of Science (B.Sc.) in Computer Science and Engineering

Varendra University

Current Semester: 6th

Expected Graduation: 2027

TECHNICAL SKILLS

Programming Languages: Python, C, C++, Java

Web Technologies: HTML, CSS, JavaScript

Database: SQL (Basic)

Artificial Intelligence & Machine Learning:

Machine Learning, Deep Learning, Computer Vision, CNN, TensorFlow, Keras, Neural Networks, Image Classification

Tools & Platforms:

Git, GitHub, VS Code, Jupyter Notebook, Google Colab

PROJECTS

- Plant Disease Detection System

Developed a deep learning-based disease detection system using CNN architectures and plant leaf image datasets.

- Skin Lesion Classification System

Built a multiclass skin lesion classification model using EfficientNetB4 and a custom feed-forward neural network.

- CS50AI PageRank

Implemented the PageRank algorithm using graph-based analysis techniques.

- CS50AI TicTacToe

Developed an AI-powered TicTacToe game using the Minimax algorithm.

RESEARCH PUBLICATIONS

- A Custom Neural Network Approach for Leaf Disease Detection Using CNN Features
- Multiclass Skin Lesion Classification Using EfficientNetB4 and a Custom Feed-Forward Neural Network
- Autism Spectrum Disorder Detection Using a Fine-Tuned VGG16 Model
- Touchless IoT-Based Health Monitoring System for Pregnant Women and Elderly Patients with Real-Time Cloud Integration

ACHIEVEMENTS & CERTIFICATIONS

- Author/Co-Author of 4 Conference Research Papers
- IEEE Conference Participation Certificates (2)
- UCICS Conference Participation Certificate
- Active Researcher in Artificial Intelligence and Machine Learning

LEADERSHIP & ACTIVITIES

- Volunteer at Two Academic/Research Conferences
- Active Participant in Debate and Public Speaking Activities
- Experience in Team Collaboration and Event Management

LANGUAGES

- Bengali (Native)
- English (Professional Working Proficiency)
